MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

VISTA HOSPITAL OF DALLAS

Respondent Name

AMERICAN ZURICH INSURANCECO

MFDR Tracking Number

M4-06-2153

Carrier's Austin Representative

Box Number 19

MFDR Date Received

NOVEMBER 23, 2005

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The Carrier has not made a legal denial of reimbursement under the applicable rules and statutes...This rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached."

Amount in Dispute: \$28,364.94

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The Requestor asserts it is entitled to reimbursement in the amount of \$30,600.94, which is 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges."

Respondent's Supplemental Position Summary dated February 9, 2016: "Based upon Respondent's initial and all supplemental responses, and in accordance with the Division's obligation to adjudicate Requestor's claim of entitlement to additional payment, Requestor failed to sustain its burden of providing entitlement to the stop loss exception. The Division's original finding and decision applied the proper legal criteria for stop loss, and committed no error identified in the Third Court of Appeals Mandate that requires correction. The Division's original conclusion that Requestor is not entitled to additional payment should be acknowledged, and the Requestor be given the opportunity to request a referral to SOAH."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §133.304(c), 17 *Texas Register* 1105, effective February 20, 1992, sets out the provisions for insurance carrier's to dispute and audit medical bills.
3. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6246, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
4. 28 Texas Administrative Code §134.1, 27 *Texas Register* 4047, effective May 16, 2002, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.
5. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - F-Fee guideline MAR reduction.
7. Dispute M4-06-2153 History
 - The division originally issued a decision on April 28, 2006.
 - The dispute decision was appealed to the District Court.
 - The 345th Judicial District remanded the dispute to the division pursuant to an agreed order of remand D-1-GN-06-001875 dated July 10, 2015.
 - As a result of the remand order, the dispute was re-docketed at the division's medical fee dispute resolution section.
 - M4-06-2153-02 is hereby reviewed.

Issues

1. Did the respondent provide sufficient explanation for denial of the disputed services?
2. Did the audited charges exceed \$40,000.00?
3. Did the admission in dispute involve unusually extensive services?
4. Did the admission in dispute involve unusually costly services?
5. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this dispute were given an opportunity to supplement the original MDR submissions after the 3rd Court of Appeals Decision. Only the respondent submitted a supplemental position as noted above. Documentation filed by the requestor and respondent to date is considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold..." In that same opinion, the Third Court of Appeals states that the stop loss exception "...was meant to apply on a case-by-case basis in relatively few cases." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. The requestor in its position statement asserts that, "The Carrier has not made a legal denial of reimbursement under the applicable rules and statutes." 28 Texas Administrative Code §133.304(c), 17 Texas Register 1105, effective February 20, 1992, applicable to dates of service in dispute, states, in pertinent part, that "At the time an insurance carrier makes payment or denies payment on a medical bill, the insurance carrier shall send, in the form and manner prescribed by the Commission, the explanation of benefits to the appropriate parties. The explanation of benefits shall include the correct payment exception codes required by the Commission's instructions, and shall provide sufficient explanation to allow the sender to understand the reason(s) for the insurance carrier's action(s). A generic statement that simply states a conclusion such as 'not sufficiently documented' or other similar phrases with no further description of the reason for the reduction or denial of payment does not satisfy the requirements of this section." Review of the submitted documentation finds that the explanation of benefits were issued using the division-approved form TWCC 62 and noted payment exception code "F."

This payment exception code and description supports an explanation for the reduction of reimbursement based on former 28 Texas Administrative Code §134.401. These reasons support a reduction of the reimbursement amount from the requested stop-loss exception payment reimbursement methodology to the standard per diem methodology amount and provided sufficient explanation to allow the provider to understand the reason(s) for the insurance carrier's action(s). The division therefore concludes that the insurance carrier has substantially met the requirements of 28 Texas Administrative Code §133.304(c).

2. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states, "to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." The requestor contends that reimbursement per the stop-loss methodology is due because the total charges for the hospitalization were over \$40,000.00. The requestor billed \$40,801.25 for the disputed services. A breakdown of the total charges finds that the requestor billed \$6,326.00 for five units of revenue code 360 described as "Surgery." The itemization statement identifies revenue code 360 was billed for 1 unit each of: "\$690.00 Pre-Op Time Up To 30," "\$4600.00 OR Time 2 hrs," "\$149.00 Bovie Unit, "\$463.00 Head Light," and "\$424.00 Drill Midas Rex."

A review of the *Vista Medical Center Operative Record* report indicates "PT. in Room: 0750" and "PT. out of room: 0943." This report supports 113 minutes of operating room services; therefore, the \$690.00 charges for "Pre-OP Time Up to 30" is not supported. This amount deducted from total charges results in \$40,111.25. The division concludes that the total audited charges exceed \$40,000.00.

3. The requestor in its original position statement asserts that “Carrier may reimburse at a ‘per diem’ rate for the hospital services if the total audited charges for the entire admission are below \$40,000, after the Carrier audits the bill pursuant to the applicable rules. However, if the total audited charges for the entire admission are above \$40,000, the Carrier shall reimburse using the Stop-Loss Methodology in accordance with the plain language of the rule contained in § 134.401(c)(6)(A)(iii). This rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached.” As noted above, the Third Court of Appeals’ November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) rendered judgment to the contrary. The requestor’s position fails to meet the requirements of §134.401(c)(2)(C) because the particulars of the services in dispute are not discussed, nor does the requestor demonstrate how the services in dispute were unusually extensive in relation to similar spinal surgery services or admissions. For the reasons stated, the division finds that the requestor failed to demonstrate that the services in dispute were unusually extensive.
4. In regards to whether the services were unusually costly, the Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services. 28 Texas Administrative Code §134.401(c)(6) states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor asserts that because the **billed charges** exceed the stop-loss threshold, the admission in this case is unusually costly. The Division notes that audited charges are addressed as a separate and distinct factor described in 28 Texas Administrative Code §134.401(c)(6)(A)(i). Billed charges for services do not represent the cost of providing those services, and no such relation has been established in the instant case. The requestor fails to demonstrate that the **costs** associated with the services in dispute are unusual when compared to similar spinal surgery services or admissions. For that reason, the division rejects the requestor’s position that the admission is unusually costly based on the mere fact that the billed or audited charges “substantially” exceed \$40,000.
5. For the reasons stated above, the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) subtitled *Standard Per Diem Amount* and §134.401(c)(4) subtitled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
 - Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” Review of the submitted documentation finds that the length of stay for this admission was two (2) surgical days; therefore, the standard per diem amounts of \$1,118.00 multiplied by the 2 days result in a total allowable amount of \$2,236.00.

The division concludes that the total allowable for the disputed inpatient hospitalization is \$2,236.00. The respondent issued payment in the amount of \$2,236.00; therefore, additional reimbursement is not recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case did not demonstrate that the audited charges exceed \$40,000. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
